

## **Marta Munoz Cuesta**

Marta Munoz is Deputy Director General of Clean Air and Industrial Sustainability in the DG of Environmental Quality and Assessment at the Spanish Ministry for the Ecological Transition and the Demographic Challenge. Her current responsibilities include the formulation of national policy on air quality, prevention, reduction and control of pollution, including noise pollution, in accordance with the principles of sustainable development and the environmental risk assessment of chemicals and other substances.

She is an Engineer from Polytechnic University of Madrid and M.Sc. in Environmental Management and Administration (Fundacion Biodiversidad). She has carried out consultancy work in the private sector and has developed her professional career in various positions in the Spanish Public Administration and as a national seconded expert in the European Commission.
