**GENERAL TERMS & CONDITIONS APPLICABLE TO CONTRACTS AWARDED
BY THE EUROPEAN ENVIRONMENT AGENCY**

Article 1 - Performance of the contract

- (1) The contract shall be performed in such a way as to exclude the possibility of the Contractor or his staff supplying services under conditions identical to those governing the supply of services by a member of the European Environment Agency's staff. The Contractor and his staff may not be members of the European Environment Agency's staff.
- (2) If the Contractor is a natural person, he shall be required to provide proof of his status either as a self-employed person or an employee for the duration of the contract. To this end, he shall provide the Agency with information about his occupation.

Article 2 - Secondary obligations of the Contractors

- (1) The contractor shall perform the contract according to the highest professional standards and in accordance with the principles of sound financial management. In performance of the contract, the Contractor is required, depending on the circumstances, to use only his own highly qualified, professional staff.
- (2) The Contractor to the European Environment Agency undertakes to provide the Agency with any information it may request for the management of the contract.
- (3) In the event of termination of the contract for one of the reasons referred to in Article 7 of these terms and conditions, the Contractor to the European Environment Agency shall undertake to send the Agency all information and documents in his possession on the tasks assigned to him.

Article 3 - Confidentiality

- (1) The Contractor undertakes not to make use of and not to divulge to third parties any facts, information, knowledge, documents or other matters communicated to him or brought to his attention during the performance of the contract or any matter arising therefrom. He shall continue to be bound by this undertaking after the expiry of the contract.

- (3) If the Contractor uses his own staff in the performance of the contract, he shall obtain from each staff member a written undertaking that they will respect the confidentiality of any information brought to their attention during the performance of the work and that they will not divulge to third parties or use for their own benefit or that of any third party any document or information not available publicly, even after completion of their assignment. A copy of the undertaking shall be sent to the European Environment Agency.
- (4) If the Contractor's staff is working in the Agency buildings, the contractor shall replace, immediately and without compensation, at the Agency's request any person considered undesirable by the latter.

Article 4 - Permits and licences

- (1) The Contractor shall be solely responsible for taking the necessary steps to obtain any permit or licence required for the performance of the contract under the laws and regulations in force at the place where the tasks assigned to the Contractor are to be performed.

Article 5 - Spread of risk

- (1) The Contractor shall not be entitled to payment if he is prevented by force majeure from performing the tasks assigned to him. Part performance only of any such task shall result in part payment. Provided it is specified in the contract, the above provisions shall not affect the Contractor's entitlement to reimbursement of travel and subsistence expenses and of costs for the shipment of equipment incurred in the performance of the contract.

Article 6 - Liability of the contracting parties

- (1) The European Environment Agency may not under any circumstances or for any reason whatsoever be held liable for damage sustained by the Contractor himself or by his staff during the performance of the contract. The European Environment Agency shall not accept any claim for compensation or repairs in respect of such damage.
- (2) Except in case of force majeure, the Contractor shall be required to indemnify the European Environment Agency for any damage they may sustain during the performance, poor or otherwise, of the contract.

Article 7 - Termination of contract

- (1) Each contracting party may, of his own volition and without being required to pay compensation, terminate the contract by serving formal notice two months in advance. If the contract is terminated by the European Environment Agency, the Contractor shall be entitled to payment for the part performance of the contract only.

- (2) In the event of a serious failure by the Contractor to the European Environment Agency, duly noted by the European Environment Agency, to fulfil his obligations under the contract, the contract may be terminated at any time by registered letter without formal notice or payment of any compensation whatsoever by the European Environment Agency. This provision shall not affect the application of Article 6(2) of these General Terms & Conditions.
- (3) In the event of non performance of the contract by the contractor, except for reasonable and justifiable technical or economic reasons, of any of his obligations, and after having given notice by registered mail requiring performance of the obligations concerned, the Agency may terminate the contract if the contractor is still in breach of his obligations one month after receiving formal notice
- (4) In the event of circumstances which are liable to prejudice or delay the performance of the contract, the contractor shall forthwith inform the Agency, with the relevant details. The parties shall agree together on the measures to be taken. If no agreement can be reached, the Agency may terminate the contract without recourse to any legal proceedings, where no action is taken by the contractor within one month of receiving formal notice by registered mail.
- (5) The European Environment Agency may terminate the contract without notice if the Contractor is unable, through his own fault, to obtain any permit or licence required for the performance of the contract as referred in article 4 above.
- (6) Without prejudice to the termination referred to in paragraphs 3 and 4 above, the Agency may require reimbursement of all or of part of the amounts paid, having regard to the nature and the scale of the work carried out, before the date of termination of the contract.

Article 8 - Assignment and services to third parties

- (1) The Contractor to the European Environment Agency shall not, without the prior and written approval of the European Environment Agency, assign the rights and obligations arising out of the contract in whole or in part or sub-contract any part of the contract to third parties.
- (2) Even where the European Environment Agency authorises the Contractor to sub-contract part or all of the work to third parties, he shall nonetheless remain bound by his obligations to the European Environment Agency under the contract.
- (3) Save where the European Environment Agency expressly authorises an exception, the Contractor shall be required to include in any sub-contracts for all or part of the work such provisions as enable the European Environment Agency to enjoy the same rights and guarantees in relation to the sub-contractors as it enjoys in relation to the Contractor himself.

Article 9 - Ownership

- (1) Any result or patent obtained by the Contractor in the performance of the contract shall belong to the European Environment Agency which may use them as it sees fit.

- (2) Copyright and any other rights of ownership in respect of manuscripts or parts thereof shall belong exclusively to the European Environment Agency except where copyright or other property rights already exist.
- (3) On the date of acceptance of the manuscripts and subject solely to the exception referred to in paragraph (2) above, all rights in respect of manuscripts, including amongst others the right to use, print, publish and sell all or part thereof in any manner and in any language whatsoever, shall be acquired by the European Environment Agency which may transfer all or part of such rights to third parties on its own terms.
- (4) The Contractor shall specify any parts of manuscripts, including illustrations, maps and graphs, in which copyright or any other right of ownership already exists and hereby affirms that he has obtained permission to use such parts from the titular holder(s) of such rights or from his or their legal representatives. Any cost for which the Contractor may become liable for such permission shall be paid by him. Save as otherwise provided for in paragraph (2), the Contractor hereby affirms that he is entitled to transfer the copyright or other rights of ownership in respect of the subject matter of the manuscript.
- (5) The European Environment Agency shall not be required to publish manuscripts or documents supplied in the performance of the contract. If it is decided not to publish the manuscripts or documents supplied, the Contractor shall not have them published elsewhere without the written approval of the European Environment Agency.

Article 10 – Payments

- (1) Payments shall be made in euro (€).
- (2) At the request of the Contractor, the Agency may pay him an advance equal to 30% of the amount due on completion of the contract. In addition to the requirement of the second paragraph of Article 45 of the Financial Regulation applicable to the Budget of the European Environment Agency, payment of the advance may be made conditional upon the furnishing by the Contractor of proof that he has lodged a deposit equal to the amount of the advance. The advance shall be deducted from subsequent payments in such a manner that it is fully recovered on exhaustion of the funds provided for such payments.
- (3) In the event of termination of the contract under Article 7 of these General Terms & Conditions, no payment shall be due except for services actually rendered up to the date of termination. In such an event, the amount due shall be calculated after deducting any payments already made. If the payments made prior to termination exceed the sum finally due, the additional amount shall be repaid by the Contractor to the European Environment Agency within 60 days of receipt of a request for repayment. If payment is not made within this period, the sum owed by the Contractor shall start to bear interest at the euro rate applied by the European Central Bank on the last day of the period allowed for repayment, as published in the C series of the Official Journal.
- (4) Where appropriate, invoices shall detail the dates and the number of hours or days of work spent by the contractor to perform the tasks under the contract.

- (5) Reimbursable travel and subsistence expenses shall be paid, where appropriate, on production of supporting documents including receipts, used tickets and boarding pass.
- (6) Payments shall be made within 60 days of receipt of the invoice by the Agency and shall be deemed to have been made on the date on which the Agency's account is debited.
- (7) Upon expiry of the time-limits set above, the contractor may, within two months of receiving the late payment, claim interest, applied by the European Central Bank to its operations in Euro, plus one and a half percentage points.
- (8) However, the Agency is not bound to comply with the 60 day payment period if the invoice has not been presented or sent to the correct address as required by the contract or if the contractor has not fulfilled his obligations so that the debt cannot be confirmed or quantified and is not due. The Agency shall inform without delay the contractor that he has failed to meet these requirements. A new 60 day payment period as stated above shall start to run again upon fulfillment by the contractor of his obligations.
- (9) The Contractor, whose registered office or place of abode shall be situated within the territory of one of the Member States of the European Environment Agency, shall be required to name a bank within the territory of his country of domicile for the payment of the sums due to him under the contract.

Article 11 – Audits and controls

- (2) The Contractor shall be responsible for complying with the national tax laws applicable to him in respect of revenue received under the contract with the European Environment Agency.
- (3) The contractor shall, at the request of the European Environment Agency, make available to the latter all vouchers which it might require in order, where necessary, to apply for reimbursement by the fiscal authorities of levies and taxes which have been paid in execution of this contract, pursuant to Articles 3 and 4 of the Protocol on the Privileges and Immunities of the European Communities.

Article 13 – Applicable Law and Jurisdiction

- (1) This contract shall be subject to Danish law.
