

# TENDER SPECIFICATIONS

## Provision of Printing Services

EEA/IDS/05/001

### 1. Introduction

An important element of the European Environment Agency's mandate is to make the environmental information it produces available to its clients.

In order to ensure a high professional standard in this area, there is a need to supplement the Agency's own capacity with that of an external provider of printing services. The objective of this call for tender is to establish a framework contract with such a provider who can assist the Agency with all technical tasks relating to this service.

As the European Environment Agency attaches great importance to production processes which respect the environment, tenderers will be expected to demonstrate an ability to provide printing services in an environmentally friendly manner.

### 2. Location of work

The work will take place at the contractor's premises. The sometimes urgent need to print high quality material within a short turnaround time requires hand-delivery of material to and from the contractor's premises, as well as direct consultation between the Agency and service provider.

### 3. Services

**3.1 File preparation:** the contractor will receive "camera ready" PDF files and must:

- Check the technical quality of the files in all EEA languages. (The Agency currently publishes some of its material in 25 languages – see <http://reports.eea.eu.int/>)
- Provide the Agency with proofs for the "passed for press" order as from the second working day after the receipt of the files, irrespective of number of language versions.

- Guarantee a turnaround time for processing orders within five – ten working days after receiving the “passed for press” order, depending on the size of the publication and the print-run.
- 3.2 Materials:** plant-based printing inks, water-based varnish and paper with an environmentally recognised label.
- 3.3 Finishing:** will be agreed with the contractor on a case-by-case basis.
- 3.4 Packaging, labelling and place of delivery:**
- Per batch of 5 – 500 copies, wrapped in paper/plastic and labelled with details of the publication.
  - On completion of a print-run, same day delivery to the European Environment Agency, Copenhagen and/or within latest three working days thereafter, delivery to the warehouse of the Office for Official Publications of the European Communities, Luxembourg, as instructed by the Agency.

**4. Photocopying services**

It would be an advantage if the successful tenderer could also provide black/white and colour photocopying services.

**5. Prices**

The price quoted must be fixed and not subject to revision. Prices shall be fixed and not subject to revision for implementation during the first year of duration of the Contract.

From the beginning of the second year of duration of the Contract, prices may be revised upwards or downwards each year, where such revision is requested by one of the contracting parties by registered letter no later than three months before the anniversary of the date on which it was signed. The Agency shall purchase on the basis of the prices in force on the date on which orders are signed. Such prices shall not be subject to revision.

This revision shall be determined by the trend in the harmonised consumer price index published by the European Commission on Eurostat web page (Theme 2 - Economy and Finance; Prices; HICP – Harmonized Indices of Consumer Prices; HMIDX – Monthly data (index); GEO – Eurozone; COICOP cp00).

Revision shall be calculated in accordance with the following formula:

$$Pr = Po \left( 0,2 + 0,8 \frac{Ir}{Io} \right)$$

where:

Pr = revised price;  
Po = price in the original tender;  
Io = index for the month in which the validity of the tender expires;  
Ir = index for the month corresponding to the date of receipt of the letter requesting a revision of prices

Under Articles 3 and 4 of the Protocol on the Privileges and Immunities of the European Communities and the Headquarters Agreement between the Agency and the Government of Denmark of 17 August 1995, the Agency is exempt from all charges, taxes and dues, including value added tax; such charges may not therefore be included in the calculation of the price quoted; the VAT amount must be indicated separately.

The costs incurred in preparing and submitting tenders are borne by the tenderers and cannot be reimbursed.

Prices must be quoted in EUR. To avoid misunderstandings and for the purpose of comparing bids, the price terms for the contract should be set out in the form provided (Annex 3).

**8. Contractual Terms**

In drawing up his bid, the tenderer should bear in mind the provisions of the standard contract attached to this invitation to tender.

**9. Criteria****Exclusion Criteria**

Candidates or tenderers shall be excluded from participation in a procurement procedure if:

(a) they are bankrupt or being wound up, are having their affairs administered by the courts, have entered into an arrangement with creditors, have suspended business activities, are the subject of proceedings concerning those matters, or are

in any analogous situation arising from a similar procedure provided for in national legislation or regulations;

(b) they have been convicted of an offence concerning their professional conduct by a judgment which has the force of *res judicata*;

(c) they have been guilty of grave professional misconduct proven by any means which the contracting authority can justify;

(d) they have not fulfilled obligations relating to the payment of social security contributions or the payment of taxes in accordance with the legal provisions of the country in which they are established or with those of the country of the contracting authority or those of the country where the contract is to be performed;

(e) they have been the subject of a judgment which has the force of *res judicata* for fraud, corruption, involvement in a criminal organisation or any other illegal activity detrimental to the Communities' financial interests;

(f) they have been convicted for an environmental offence in the exercise of the profession;

(g) following another procurement procedure or grant award procedure financed by the Community budget, they have been declared to be in serious breach of contract for failure to comply with their contractual obligations.

Candidates or tenderers must certify that they are not in one of the situations listed above. The tenderer shall provide an auto-declaration, preferably made on oath before a judicial or administrative authority, a notary or a competent professional or trade body by a person competent to do so on behalf of the tenderer, which states that none of the grounds for exclusion apply to the tenderer (See Annex 1). N.B. additional evidence may be requested at a later stage prior to signature of the contract.

Contracts may not be awarded to candidates or tenderers who, during the procurement procedure:

(a) are subject to a conflict of interest;

(b) are guilty of misrepresentation in supplying the information required by the contracting authority as a condition of participation in the contract procedure or fail to supply this information.
