Section III: Legal, economic, financial and technical information

III.1) **Conditions relating to the contract**

III.1.1) **Deposits and guarantees required:**

As stated in the draft framework service contract attached as Annex 6 to the tender specifications.

III.1.2) **Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them:**

As stated in the draft framework service contract attached as Annex 6 to the tender specifications.

III.1.3) **Legal form to be taken by the group of economic operators to whom the contract is to be awarded:**

Tenders may be submitted by consortia of economic operators. If a consortium is awarded a contract, it may be required to adopt a given legal form before the contract is signed if this change is necessary for proper performance of the contract. This can take the form of an entity with or without legal personality but offering sufficient protection to the EEA contractual interests (depending on the member countries concerned, this may be for instance, incorporation or partnership or a temporary association). Consortia must identify one of their members as coordinator who will interface with the EEA.

Each member of a consortium or group of service providers must fulfil the conditions for participation mentioned in Section III.2 below.

III.1.4) **Other particular conditions**

The performance of the contract is subject to particular conditions: no

III.2) **Conditions for participation**

III.2.1) **Personal situation of economic operators, including requirements relating to enrolment on professional or trade registers**

Information and formalities necessary for evaluating if the requirements are met: Exclusion criteria — to be eligible for participation in this contract award procedure, tenderers must not be in any of the exclusion situations referred to in Articles 93 and 94 of Council Regulation (EC, Euratom) No 1605/2002 of 25.6.2002, OJ L 248/1 of 16.9.2002 as last modified by Council Regulation (EC, Euratom) No 1525/2007 of 17.12.2007, OJ L 343/9 of 27.12.2007. To that effect, tenderers are requested to submit a declaration of honour (see Annex 2 to the tender specifications) in accordance with Article 134 of Commission Regulation (EC, Euratom) No 2342/2002 of 23.12.2002, OJ L 357/1 of 31.12.2002 as last modified by Commission Regulation (EC, Euratom) No 478/2007 of 23.4.2007, OJ L 111/13 of 28.4.2007. Under the same provisions, the tenderer to whom the contract is to be awarded will be required to produce evidence confirming the prior declaration (see Section 12.1.2 of the tender specifications).

Legal capacity — tenderers are required to prove that they are authorised to perform the contract under national law, as evidenced by inclusion in a trade or professional register and/or entry in the VAT register. To that effect, tenderers are required to submit a legal entity form (see Annex 3 to the tender specifications) duly filled out and signed, accompanied by a copy of inscription in a trade register and/or a copy of inscription in the VAT register, where applicable. In addition, tenderers must indicate in which country they have their headquarters, registered office or residence, and provide the necessary supporting documents in accordance with their national law.

III.2.2) **Economic and financial ability**

Information and formalities necessary for evaluating if the requirements are met: Evidence of economic and financial capacity shall be furnished by (one or more of) the following documents:

- appropriate statements from banks or evidence of professional risk indemnity insurance,
- the presentation of balance sheets or extracts from balance sheets for at least the last 2 years for which accounts have been closed, where publication of the balance sheet is required under the company law of the country in which the economic operator is established,
- a statement of overall turnover and turnover concerning the services covered by the contract during the last 2 financial years.

If, for some exceptional reason, which the EEA considers justified, a tenderer is unable to provide the reference(s) requested above, he may prove his economic and financial capacity by any other means which the EEA considers appropriate.

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. It must in that case prove to EEA that it will have at its disposal the resources necessary for performance of the contract, for example by producing an undertaking on the part of those entities to place those resources at its disposal.

III.2.3) **Technical capacity**

Information and formalities necessary for evaluating if the requirements are met:

The tenderer must have the necessary technical capacity to perform the contract and in particular proven experience in the insurance field and experience in providing insurance to cover public administrations.

Tenderers shall provide the following documents:

- evidence of enrolment in the relevant professional register,
- a list of similar services provided in the past 3 years, indicating the value, dates and recipients of the services (public or private),
- a brief company profile including demonstration of organisational capacity as per the previous requirement (see technical capacity/2nd bullet) (maximum 3 A4 pages),
- a description of the measures employed to ensure the quality of services and of their ability to respond quickly to requests for services and/or modifications thereof (maximum 2 A4 pages),
- a description of their environmental policy specifying the status of implementation. In the event of a joint offer submitted by a consortium or a grouping of service providers, each member of the consortium or grouping shall provide the requested description.

III.2.4) **Information about reserved contracts**

III.3) **Conditions specific to services contracts**

III.3.1) **Information about a particular profession**

Execution of the service is reserved to a particular profession: no
