Section II: Object of the contract

II.1) Description

II.1.1) Title attributed to the contract

Framework service contract for the GMES initial operations/Copernicus land monitoring services — validation of products (2 lots).

II.1.2) Type of contract and location of works, place of delivery or of performance

Services

Service category No 27: Other services

Main site or location of works, place of delivery or of performance: At the contractor's premises ('extra muros') or at the EEA's premises in Copenhagen ('intra muros') depending on the requirements of the specific contracts.

NUTS code

II.1.3) Information about a framework agreement or a dynamic purchasing system (DPS)

The notice involves the establishment of a framework agreement

II.1.4) Short description of the contract or purchase(s)

The purpose of this call for tender was to establish 1 or 2 framework service contract(s) with (an) economic operator(s) who can provide to EEA geostatistical validation services and GIS consultancy services for the further improvement and fine-tuning of the products in the Copernicus land pan-European and local components, as well as in the reference data access component.

Notably, the procedure was divided into the following lots:

validation services for the geospatial products of the Copernicus land continental and local components including 'in situ' data (lot 1);

technical support for the improvement of pan-European and local component products including 'in situ' data, in view of their integration in a fully operational and high-quality Copernicus land service (lot 2).

II.1.5) Common procurement vocabulary (CPV)

72300000, 79330000, 90700000
