Title: Framework service contracts for the provision of IT consultancy services to the EEA and the European Commission (DG ENV and DG CLIMA) – 6 lots

Question 1

1) We consider to offer 2 alternative teams (e.g. for urgent cases etc.) to you. That means we are going to offer 2 experts for one profile/CV for the same budget - how many CVs we should enclose?

2) You are asking for "6 CVs" - what to do if we feel your requirements could be fully met by at least 8 experts? Can you accept 8-member team?

Answer 1

1 & 2) Please refer to [clarification No 3](#), question/answer No 1; with regard to the number of CVs to be provided, the tender specifications set minima and no maximum. Tenderers shall bear in mind that the requested CVs are meant to assess their technical and professional capacity to provide the required services; it is entirely up to the tenderers to assess what an appropriate number of CVs shall be to demonstrate their technical and professional capacity. With a view to optimizing the evaluation of tenders it is recommended not to submit too many CVs
