

Acknowledgements

The preparation and review of the 2009 EMEP EEA air pollutant emission inventory guidebook (and earlier versions thereof) has been supported by many individuals, particularly those from the UNECE Task Force on Emission Inventories and Projections (TFEIP), the European Environment Information and Observation Network (Eionet) and numerous industry organisations. All experts who have contributed to the Guidebook are sincerely thanked.

The following individuals were instrumental in the preparation of the 2009 Guidebook version. While every effort has been made to acknowledge all contributors, apologies are extended to those who inadvertently may have been overlooked. Please contact the current chairs of the TFEIP regarding any necessary corrections.

TFEIP chairs

Previous chairs: Kristin Rypdal, Aphrodite Mourelatou and Karin Kindbom
 Current chairs: Chris Dore, Martin Adams and Kristina Saarinen

TFEIP expert panel leaders

Combustion and industry: Carlo Trozzi and Jeroen Kuenen,
 Agriculture and nature: Nick Hutchings, Barbara Amon and Rainer Steinbrecher
 Transport: Leonidas Ntziachristos, Panagiota Dilara and Riccardo Delauretis
 Projections: Julio Lumbreras and Melanie Hobson
 Review: Martin Adams and Karin Kindbom

Coordinating lead editors

Tinus Pulles and Justin Goodwin

Technical editors

Stationary combustion: Nicola Brophy and Robert Stewart
 Mobile combustion: John Norris and Nicola Brophy
 Fugitive emissions: Jeroen Kuenen
 Industrial processes: Jeroen Kuenen and Wilfred Appelman
 Solvent and product use: Jeroen Kuenen
 Agriculture and nature: Jim Webb
 Other sources: Jeroen Kuenen
 Waste: Jeroen Kuenen

Chapter authors

The names of lead/coordinating authors, and past and present authors of the individual Guidebook chapters are listed on the cover page of each respective chapter.
